"Men often become what they believe themselves to be. If I believe I cannot do something, it makes me incapable of doing it. But when I believe I can, then I acquire the ability to it - even if I do not have it in the beginning."

## **DIRECTOR - Er. Praveen Kasana**

It was his innate talent that led to arming Mr. Praveen Kasana with foresight and perceptiveness right early on in his childhood. Equipped with an instinctive eye to embrace any technological advancement, he does not allow any innovation to escape his attention. In terms of formal education too, he holds a remarkable list of credentials and hands-on experience in integrated project management, material management, systems and resource planning and budgetary control. His illustrious career spanning nearly ten years has only seen an upward graph.

Having led a large diversified conglomerate with a strong presence in real estate (Retail, Residential, Commercial, Hospitality, and Education & Healthcare), he has traveled widely to help him grasp the fundamentals of life, and learn to deliver with promised quality and time.

As a perceptive mind, what drives him most is his craving for innovation..

He keeps tabs on the state of development in the multifaceted profession of conceptual development across the world, and gives his inputs in space planning, research and construction management, and execution of the design. The current developmental upsurge in SPR HOMEZ's acceptance and recognition can be attributed to his forethought and well-timed alterations and modifications that he introduces from time to time. He is a perfect example of professionalism who knows how to deal with modern challenges through academia and practical outlook and leads an ever-progressive well-trained assembled team.

## **DIRECTOR - Mr. Veerpal Kasana's**

Mr.Veerpal Kasana's philosophy has been to not merely look for greener pastures, but also accept challenges that otherwise would deter people from taking risks. His special ability is to accomplish professional expertise with an unmatched dynamism that also makes him propel businesses. With vast domestic and international experience in real estate financing across debt and private equity deal cycle, he is an asset to any group. His significant experience in real estate funding, as also in preparation of business plans and corporate strategy, annual operating plans, and internal audits, makes him an incomparable leader.

# INTELLIGENT DESIGN FOR LIVING

Intelligent Design for Living is a concept that emphasizes the use of smart, efficient and functional design principles in creating living spaces. The approach takes into account the lifestyle, needs and preferences of individuals, while also considering the practical aspects of designing a space. The goal is to create spaces that are aesthetically pleasing, comfortable, and functional.

Intelligent Design for Living encompasses a range of aspects, such as the use of sustainable materials, incorporation of modern technologies, optimization of space, and consideration of lighting, ventilation and acoustics. The focus is on creating a harmonious balance between aesthetics and functionality, and ensuring that the design meets the needs of the occupants.

Overall, Intelligent Design for Living is about creating living spaces that are beautiful, efficient, and practical, and that enhance the quality of life of the people who inhabit them.
